

Satellogic Announces Participation in Key Industry Conferences in December

November 28, 2022

NEW YORK--(BUSINESS WIRE)--Nov. 28, 2022-- [Satellogic](#) Inc. (NASDAQ: SATL), a leader in sub-meter resolution Earth Observation ("EO") data collection, announced today it will participate in several key industry conferences in December: The Berlin Security Conference taking place November 30 – December 1; the United States Geospatial Intelligence Foundation (USGIF) GEOGala taking place December 1 in McLean, VA; and the Reagan National Defense Forum taking place December 2 – 3 in Simi Valley, CA.

"These conferences are springboards for the important discussions around Earth Observation data and the critical role it can play in global defense," said Matt Tirman, Chief Commercial Officer at Satellogic. "Our participation at these high-profile events are opportunities to showcase for global leaders how our constellation delivers the satellite images they need to strengthen national security, enhance economic prosperity, and prepare for the future."

Berlin Security Conference

Date: November 30 – December 1, 2022

Location: Berlin, Germany

Emiliano Kargieman, CEO and Co-Founder, Satellogic, will participate in "SPACE – the Ultimate Challenge?" panel on Wednesday, November 30 at 3:15 p.m. – 4:45 p.m. CEST.

For more information on the Berlin Security Conference, please visit the conference website [here](#).

USGIF GEOGala

Date: December 1, 2022

Location: McLean, VA

Satellogic is sponsoring the USGIF's annual GEOGala which gathers leaders from Defense, Intelligence, and Homeland Security sectors for a night to celebrate accomplishments and discuss the future of the industry.

For more information on the USGIF GEOGala, please visit the conference website [here](#).

Reagan National Defense Forum

Date: December 2–3, 2022

Location: Simi Valley, CA

Satellogic is sponsoring the Reagan National Defense Forum which brings together leaders from across the political spectrum and key stakeholders in the defense community, including Members of Congress, current and former Administration officials, senior military leadership, industry executives, technology innovators and thought leaders.

For more information on the Reagan National Defense Forum, please visit the conference website [here](#).

About Satellogic

Founded in 2010 by Emiliano Kargieman and Gerardo Richarte, Satellogic (NASDAQ: SATL) is the first vertically integrated geospatial company, driving real outcomes with planetary-scale insights. Satellogic is creating and continuously enhancing the first scalable, fully automated Earth Observation platform with the ability to remap the entire planet at both high-frequency and high-resolution, providing accessible and affordable solutions for customers.

Satellogic's mission is to democratize access to geospatial data through its information platform of high-resolution images and analytics to help solve the world's most pressing problems including climate change, energy supply, and food security. Using its patented Earth imaging technology, Satellogic unlocks the power of EO to deliver high-quality, planetary insights at the lowest cost in the industry.

With more than a decade of experience in space, Satellogic has proven technology and a strong track record of delivering satellites to orbit and high-resolution data to customers at the right price point.

Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the U.S. federal securities laws. The words "anticipate", "believe", "continue", "could", "estimate", "expect", "intends", "may", "might", "plan", "possible", "potential", "predict", "project", "should", "would" and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. These forward-looking statements are based on Satellogic's current expectations and beliefs concerning future developments and their potential effects on Satellogic and include statements concerning Satellogic's strategies, Satellogic's future opportunities, and the commercial and governmental applications for Satellogic's technology. Forward-looking statements are predictions, projections and other statements about future events that are based on current expectations and assumptions and, as a result, are subject to risks and uncertainties. These statements are based on various

assumptions, whether or not identified in this press release. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, and must not be relied on by, an investor as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of Satellogic. Many factors could cause actual future events to differ materially from the forward-looking statements in this press release, including but not limited to: (i) Satellogic's ability to scale its constellation, (ii) Satellogic's ability to continue to meet image quality expectations, to continue to enhance the capability of its network of satellites and to continue to offer superior unit economics, (iii) Satellogic's ability to become or remain an industry leader, (iv) the number of commercial applications for Satellogic's products and services, (v) Satellogic's ability to address all commercial applications for satellite imagery, changes in the competitive and highly regulated industries in which Satellogic operates, variations in operating performance across competitors and changes in laws and regulations affecting Satellogic's business, (vi) the ability to implement business plans, forecasts and other expectations, and to identify and realize additional opportunities, (vii) the risk of downturns in the commercial launch services, satellite and spacecraft industry, (viii) the risk that Satellogic and its current and future collaborators are unable to successfully develop and commercialize Satellogic's products or services, or experience significant delays in doing so, (ix) the risk that third-party suppliers and manufacturers are not able to fully and timely meet their obligations, (x) the risk of product liability or regulatory lawsuits or proceedings relating to Satellogic's products and services, and (xi) the risk that Satellogic is unable to secure or protect its intellectual property. The foregoing list of factors is not exhaustive. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties described in the "Risk Factors" section of Satellogic's effective registration statement on Form F-1 and the prospectus included therein and other documents filed or to be filed by Satellogic from time to time with the Securities and Exchange Commission. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date they are made. Readers are cautioned not to put undue reliance on forward-looking statements, and Satellogic assumes no obligation and does not intend to update or revise these forward-looking statements, whether as a result of new information, future events, or otherwise. Satellogic gives no assurance that it will achieve its expectations.
