What to report

Any concern you believe in good faith may involve a violation of law, our Code of Business Conduct and Ethics, or company policy, including:

- Accounting, internal accounting controls or auditing matters
- Fraud, bribery, kickbacks or corruption
- Conflicts of interest, falsified records, or theft or misuse of company assets
- Privacy or data security breaches, harassment or discrimination

How concerns are handled

- The Compliance Officer reviews every report promptly on receipt.
- Concerns about accounting, financial reporting, legal or governance matters, or senior leadership are escalated to the Chair of the Audit Committee.
- The Audit Committee reviews hotline activity at least quarterly.

Our commitment

Satellogic does not tolerate retaliation against anyone who raises a concern in good faith or takes part in an investigation. We protect the confidentiality of reporters to the fullest extent permitted by law. Nothing in our policies prevents anyone from reporting possible violations of law directly to a government or regulatory authority.
